Exhibit and Host Opportunities

## 11<sup>th</sup> International Conference on Tritium Science & Technology

April 17-22, 2016 ♦ Charleston Marriott ♦ Charleston, SC, USA

The 11th International Conference on Tritium Science and Technology, Tritium 2016, continues the long tradition of technical exchange forums covering all topics on tritium which began in 1980 in Dayton, Ohio, USA. The objective of Tritium 2016 is to provide a forum for exchanging information on science, technology, engineering, and general experience in safe tritium handling for fusion, fission, pharmaceutical, and other peaceful uses. Tritium 2016 is intended to attract not only veteran tritium experts, but also scientists, engineers and students new to the field.

### *Why Should My Organization Host or Exhibit?*

Tritium 2016 is the latest in a triennial conference series that is attended by decision-makers, project managers, scientists, engineers, students and educators from throughout the world who are engaged in one or more topical areas associated with tritium. No other forum captures the tritium community as does Tritium 2016. By selecting this conference, you will have the opportunity to network with leaders in the tritium field, as well as discuss your products, services, and organization.

### *Who Attends?*

Around 250 government representatives, scientists, engineers, educators, and policy-makers from around the world are anticipated to attend. With over two hundred oral and poster presentations, coupled with one-of-a-kind panel sessions scheduled over a six-day period, you cannot afford to miss this unique chance to showcase your organization.

### *Who Hosts or Exhibits?*

Companies and organizations from over 20 nations showcase products and services related to tritium science and technology. Areas of interest include these important topical areas:

- Containment, safety and environmental impact
- Decontamination and waste management
- Water and air detritiation
- Tritium processing (purification, isotopic separation,...)
- Tritium facilities and operation
- Biological effects
- Interactions with materials
- Tracer techniques and isotopic effects
- Measurement, monitoring and accountancy
- Tritium supply, transport and storage
- Tritium breeding and extraction
- Others

## Exhibit and Host Opportunities

All hosts and exhibitors receive a booth in the exhibit area, are acknowledged at the Opening Plenary and are recognized on the Tritium 2016 website, in the Conference Program Book and on signage displayed throughout the Conference. Hosts also provide either a reception, luncheon, breakfast, coffee break or promotional item. *If these examples do not suit your needs, please contact Lee Hamilton to discuss alternatives.*

### TRITIUM ( $^3\text{H}$ ) Level - \$20,000

#### Hosts a major event for all participants, such as

- Welcome Reception
- Conference Banquet
- Luncheon

The following benefits are also included:

- Signage at the hosted event
- **Two** complimentary full meeting registrations
- Logo item in Registration Package
- Full page in Conference Program Book

### DEUTERIUM ( $^2\text{H}$ ) Level- \$10,000

#### Hosts an event or provides an item, such as

- Notepads or other promotional item
- Breakfasts or coffee breaks
- Exclusive Host - Dinner Cruise

The following benefits are also included:

- Logo on item –or-
- Signage at the hosted event
- **One** complimentary full meeting registration
- Half page in Conference Program Book

### PROTIUM ( $^1\text{H}$ ) Level- \$5,000:

#### Hosts an event or provides an item, such as

- Water Bottle, Luggage Tags, or other small item
- One coffee break, snack on a tour, etc
- Co-host Dinner Cruise.

The following benefits are also included:

- Logo on item –or-
- Signage at the hosted event
- **One** complimentary full meeting registration
- Quarter page in Conference Program Book

### NEUTRON ( $^1\text{n}$ ) Exhibitor- \$2,000:

- Includes a booth in the exhibit area and **One** complimentary full meeting registration.
